Compatibility

With our Next-generation Minicam Control Unit you can view, record, and annotate inspection footage with ease. Designed with the operator in mind, our ergonomic control system helps you to speed up inspections in the field. Our new control system is even simpler to use and more powerful than ever, with a range of new features and functions. Sleek and modern, the unit is built to last and stand against the environmental challenges faced during in-the-field surveys.
